CHOLERA!

A LTHOUGH it may be said by adopting proper precautions comparative safety may be enjoyed while surrounded by malignant Cholera; yet it must be admitted that when it prevails to any extent, all persons are more or less affected, and the slightest irritation or derangement of the bowels may bring on the disease. To ward off an attack it is of the utmost importance to avoid whatever tends to chill the body or diminish the energies of the system. Therefore warm clothing and gen rous diet is essential, avoiding at the same time severe exposure, excessive fatigue and the use of all trashy green and indigestible food. As Purgatives of a strong or drastic character often act with great violence during the prevalence of Cholera, none but the milder kinds, such as Castor Oil, or Rheubarb combined with some aromatic should be used without the senotion of a Physician

As prompt measures are necessary in case of the premonitory symptoms appearing; and as strong stimulating and narcotic me-dictions, when improperly used, may seriously injure the constitu-tion and induce other diseases, the following course is recommend ed until a Physician can be obtained:

In case of slight Diarrhora, or painful, or unpleasant sensations in the stomach or bowels, take one of the Tilion Pills, every hour until 3 or four are taken or relief is obtained. of the Cholera Tincture in a cup of strong Peppermint or Spent-mint test and repeat every half or one hour until relieved. If these mild measures fail, which of cours can only succeed by being resorted to early, and the disease progresses and cramps come on, and no Physician at hand, let the patient be put to a warm bed, and let some strong Liniment be well rub ed over the stomach and bowets, on the Spine, and on the hands and feet. Or let a large mustard plaster be applied to the stomach and also to the feet and hands, the spine, &c., and give a teaspoonful of Cholera Tincture every half hour or oftener, in some warm Peppermint tea un-til reaction as produced and the disease is conquered. Bags of heated salt or bran applied to the bowels and to the extremities, and bottles of hot water along the side of the body, will contribute materia ly to a favorable result

pills should be given occasionally in connection with the above treatment, so as to promote proper action of the Liver. The above Pills and Tincture, and every variety of pure drugs and fresh Medicines, as also genuine French Brandy, Port and Maderia Wines, and all other articles in that line can be had at all times from S. A. DUVAL, First door east of Little & Co.'s, Indianapolis.

TO CONTRACTORS On the Indianapolis and Bellefontaine

DEBM it proper, at the commencement of your operations for the season, to call your especial attention to the following clause in your contracts. "It is further understood and expected that the party of the first part (the contractors) will use all reasonable exer-tions to discourage and prevent the use of spirituous liquors by the laborers engaged in this contract." This clause was inserted in your contracts with a full understanding that it would be complied with strictly by you, as it is believed that its enforcement by all the contractors on the line is essential to harmony or action and the prosperity of the work. The use of spirituous liquors on the line caunot but prove a positive injury to all who may come in contact with it, and I cannot too strongly-condemn its use. Those contractors who comply strictly with this part of their contracts will recommend them selves favorably to the Board, in subsequent lettings on the line, should they wish new contracts. O. H. DR. MARTIN'S Compound Syrup of Wild Cherry. This Compand is one of the best remedies ever offered to the public in Conghs, whether arising from Colds, or the Whosping Cough, of that decadul mulady, Consumption. Few remedies, in the short time it has been before the public, have effected so many cures. The or sprictors are every day receiving orders for it at a distance, and in this sty, in which they have been highly gratified to learn its good effects. The Bishop of the Protestant Episcopal Church of Maryland, the Rt. Rev. W. R. Whitingham, has authorized us to say be has used it in his own person with decided benefit; and our medical friends do not scruple to recommend it as one of the best remedies in Consumption, Bronchitis, Asthma, &c., which they have ever met with. The following is from a highly respectable Physician on Kent Island, whom we made acquainted with the preparation:

Kent Island, (Md.) June 90, 1847. Dr. Martin—Dear Sir:—Since my return home, t prescribed your Syrup of Wild Cherry in several cases; one in particular, a case of Asthma of long standing, (about 21 years,) a neighbor and patient of mine. Her discase has never been benefitted by my Medicine which she has taken, and for the last year or two she has been confined entirely to the house. I do not know that she has had a good night's rest for a long time, but since she commenced taking your medicine sleep well all night. I think the medicine will make a perfect cure of her, and she is determined to give it a fair trial. Her husband Mr. Rhoderick Earlickson, is a merchant here, and says if you will send me some of it, he will act as your agent. Yours, Samuet Hannen, M. D.

A CERTAIN CURE FOR FEVER AND AGUE. In our Summer and Fall months many sections of our country are prostrated by this disease. It has been our particular study to find out some remede to stop this truly dreadful scourge, and think by this sci entific compound we have effected this great desideratum. It is also the best remedy to be had in all cases of Dyspepsia, if the directions in the pamphlet which is around each bottle are properly observed. Read the following certificate: POWHATTEN FACTORY, near Bultimore, April 6th, 1848.

Gentlemen—It is with sincere pleasure I am able to give my evidence in favor of your valuable "National Tonic." Having been troubled for nearly four years with the Ague and Fever, I tried almost every thing I heard of, but nothing seemed to give me any permanent relief, until a few months: ago, I purchased from one of your agents (Messrs.
